

ASSISTANCE REQUEST FORM  
BODY BRACE OR BRACE SEAT

One form per flight (for return trips or trips with connections, please complete a separate form for each flight segment).

Dear Sir/Madam

You are planning to travel soon on one of our flights and you require assistance concerning your body brace or brace seat. Thank you for choosing Air France.

In order to draw up your travel documents, please complete this form, dated and signed, and return it to us, along with front and side photos of the body brace or brace seat, to our Saphir department or directly in the Saphir assistance form as soon as you have made your reservation or at the latest 48 hours before your departure (excluding weekends and public holidays).

## DETAILS ABOUT BODY BRACE OR BRACE SEAT

Please indicate the dimensions of your body brace or brace seat, taking into account the maximum measurements for asymmetric models and/or models with an integrated base.

If the dimensions given are inaccurate, and the body brace or brace seat cannot be installed on board on the seat provided, Air France will not be able to guarantee your boarding.

NB: European regulations, (EASA 2016/004/R) applicable since 22 July 2017, require that the body brace or brace seat be attached solely by the seat belt. No other method of attachment is allowed.

Best regards,

**Air France Saphir**
